Subscriptions Open Today, Close  
Tomorrow.

The Illinois Central has placed on  
sale in the principal financial markets  
of the world \$5,000,000 of 3½ per  
cent. gold bonds. This issue is part  
of an authorized issue of \$20,000,000  
of bonds on the Louisville and St.  
Louis divisions of this system. Sub-  
scriptions were opened today and will  
close Wednesday at 3 p. m. The  
bonds run until 1953, and are se-  
cured by a first mortgage on the  
Louisville division between Louisville  
and Memphis. It is expected that  
Louisville capitalists will have lib-  
erally in these bonds, and quite a  
number have already subscribed.  
President Fish would prefer that  
people living on the line of the road  
would invest in the securities to the  
exclusion of foreigners.

## POLICE COURT.

Only Three Offenses Before Judge  
Pro-Tem Harris.

Judge Sanders is still ill, and this  
morning Judge pro-Tem Harris pre-  
sided over the police court.

Chas. Parks, the "hoodoo" dar-  
key, charged with abusingATTLE  
Sellers and pursuing her with a knife,  
was acquitted.

Wm. Coleman was charged with  
abusing his wife, and with throwing  
an ice cream freezer full of ashes at  
her. He said he was drinking at the  
time, and the court let him off with  
\$20 and cost.

Howard Johnson, colored, was  
charged with abusing a man named  
Grant. He was fined \$5 and cost.

## DIPHTHERIA

To be Discussed by the Medical  
Society.

The Paducah Medical and Sur-  
gical society will meet tomorrow night  
with Dr. J. G. Brooks, and the latter  
will read a paper on "Diphtheria."  
The doctor expects an interesting  
meeting, and the attendance promises  
to be large.

## MILLIONAIRE MURDERER.

Dr. Charles Simmons, St. Louis,  
Kills His Bookkeeper,  
For Insulting His  
Daughter.

Frankfort Matters—Gov. Taylor  
Claims the Lead in Ten-  
nessee Senatorial  
Contest.

St. Louis, Mo., Jan. 18.—Dr.  
Chas. Simmons, millionaire, today  
shot and killed Emil Davidson, his  
bookkeeper, in his own office. Sim-  
mons claims that Davidson had in-  
sulted his daughter. Simmons is the  
proprietor of well known patent med-  
icines and one of the wealthiest men  
in this city.

## GOOD THING FOR EVANSVILLE.

Rates On Grain Shipments To  
the South Reduced By Illi-  
nois Central.

Evansville, Ind., Jan. 17. Because of  
competition to the South, Evansville  
is to profit very largely, and in the  
future shippers of grain and grain  
products will have the same privileges  
accorded them that are enjoyed by  
those of Louisville and Cincinnati. Be-  
fore the Illinois Central a quarter of  
the Ohio Valley property—the Louisville  
and Nashville road had a monopoly  
of the business out of this city south,  
and as a result shippers by way of  
this city were compelled to pay about  
three cents per hundred more than  
the shippers of either Louisville or  
Cincinnati. Since coming to this city  
the Illinois Central has been making  
a big fight for Southern business,  
and the new privileges to be accorded  
this city are a result of that railroad  
war. Large amounts of grain will  
now be shipped south from this  
center.

## Cremated Alive.

Princeton, Ky., Jan. 17.—Jack  
Markham, a well known and worth-  
less negro, was burned to death in a  
shanty which he occupied as a dwell-  
ing. When found the remains pre-  
sented a horrible spectacle, both legs  
and arms having been burned from  
the body. Markham was drunk  
when he entered his home, and while  
sleeping probably kicked over a  
lighted lamp.

## A FEW BILLS.

Some of the Ideas of Our Ken-  
tucky Legislators.

Frankfort, Ky., Jan. 18.—Among  
the bills introduced in the legislature  
today was one in the House abol-  
ishing the office of commonwealth's  
attorney, one in the Senate creating  
a penitentiary board and a bill pro-  
hibiting Sunday baseball in cities  
outside of Louisville.

## GOV. TAYLOR HOPEFUL

Claims That He is Ahead in the  
Senatorial Race.

Nashville, Tenn., Jan. 18.—Gov.  
Taylor claims that he is in the lead  
in the United States Senate race. He  
may combine with Senator Torrey.

## TWO-HEADED SCORPION.

Mr. Frank Futrell Brings a Cur-  
iosity to Paducah.

Mr. Frank Futrell, who is on the  
jury in the circuit court, today  
brought to the city a peculiar curi-  
osity in the shape of a scorpion with  
two heads.

He killed the reptile yesterday  
while moving hay, and says it could  
not turn around owing to the fact  
that it had a head on each extremity,  
and looked like two scorpions that  
had almost swallowed each other.

It was of the common species, and  
Mr. Futrell says it did its moving  
like a trolley car, first one way and  
then the other, without turning  
around. It was taken to Lang's  
drug store this morning and placed  
in alcohol.

## LEFT A WAIF.

A Sorrowing Mother Leaves a  
Babe in a Basket.

A woman with red hair, blue eyes  
and wearing a black satin skirt,  
stopped at Mr. Tobie Kettler's board-  
ing house, on South Third street,  
about 3 o'clock yesterday afternoon,  
and said she desired to remain all  
night. She carried a basket.

She shortly afterwards said she  
was going out to see a brother and  
would leave her basket.

About 5 o'clock infant cries eman-  
ated from the basket, and the people  
then discovered that it contained a  
baby about six weeks old. They  
concluded the woman did not intend  
to return, from the following note,  
found inside:

"Kind friends of this world: I  
will leave my little baby for some  
good mother to raise, and I hope to  
see and know that they will raise her  
the best they can, as I have not to  
leave this world. There is no one  
who knows my troubles but God in  
heaven."

The waif is still at Mr. Kettler's,  
and while Marshall Collins has a clue,  
there is nothing definite. The wa-  
if may have committed suicide.

## Drake Feels It His Duty to Sue for Salary

The mother of the infant was seen  
at the Union depot this morning by  
Officer Hoyer and several others.  
She went into the waiting room,  
warmed and then left. She had red  
hair, blue eyes, wore a black broad-  
satin skirt and a black cape.

Marriage This Afternoon.  
Mr. J. W. Lettz, aged 36, a far-  
mer, and Mrs. Maggie C. LaGore,  
aged 50, of Shiloh, Livingston  
county, were married by County  
Tully at 2 o'clock this afternoon.

## STOKES ACQUITTED.

Graves County Man Charged  
With Illicit Whiskey  
Traffic.

Barrell Stokes, of the Fulton Creek  
vicinity of Graves county, who was  
arrested by Deputy U. S. Marshal  
La Rue, was tried before U. S. Com-  
missioner Puryear yesterday after-  
noon at 4 o'clock for selling whiskey  
without a license, and acquitted. He  
was brought in Saturday afternoon.

## TELEPHONE SYSTEM

To Bandana, Ballard County, is  
Talked of Now.

Paducah Merchants All Speak in  
Favor of the Enter-  
prise.

It is probable that in the near fu-  
ture a telephone line will be extended  
from Paducah to Bandana, Ballard  
county, and intermediate points,  
which would include Maxon's Mills,  
Woodville, Grahamville and many  
other small places.

Gentlemen from these localities  
were in the city today conferring  
with Manager A. L. Jaynes, and it  
is thought that the project will be a  
go.

All of the most prominent residents  
have signified a willingness to sub-  
scribe money to further the move.  
One gentleman agreeing to give \$100  
and several \$25.

The advantage in Paducah mer-  
chants of such a system would be as  
manifest as it would be to the resi-  
dents of the respective places. One  
of the gentlemen from Bandana said  
today:

"Paducah would get hundreds of  
dollars' worth of trade that now goes  
to Cairo and Wickliffe, if we had tel-  
ephone connection with her. Scores  
of times we have to telephone to  
Wickliffe or Cairo, in cases of emer-  
gency, and have the goods brought to  
Ogden's Landing, and go there for  
them."

"It would be much easier and  
quicker to order from Paducah, but  
we have no telephone communication  
and consequently would have to come  
all the way to Paducah after it."

It would be an excellent idea for  
local merchants to assist in the en-  
terprise.

## CHURCH DEDICATION.

The New Building of the Second  
Baptist Church

Now Paid For—Will Be Dedicated  
Early Next Month—Hans-  
some Structure.

The congregation of the Second  
Baptist church, at Ninth and Ohio,  
of which Mr. L. T. Wilson is pastor,  
has now finished paying for its build-  
ing, and the church has been deeded  
to it by the First church.

This pretty church was erected  
several years ago, Mrs. Nimrod  
Long, of Russellville, now deceased,  
donating the lot upon which it is  
built.

Rev. Gilbert Dobbs, formerly pas-  
tor of the First church, but now of  
Franklin, Va., will dedicate the  
church some time early next month.  
Rev. Dobbs rendered valuable ser-  
vices in securing the church, and for  
this reason will dedicate it.

## MISSING BOY.

A Benton Lad Has Not Been  
Heard From

Since He Left Home Two Weeks  
Ago—Considerable Anx-  
iety Is Felt.

John Nickells, an eighteen-year-  
old boy, left Benton two weeks ago  
on a trip to Grand Rivers to collect  
money due him for work. He left  
intending to return the following  
Wednesday or Thursday. Since then  
his mother has been unable to hear  
anything or to find anyone who has  
seen or heard anything from him af-  
ter he crossed the river at Birming-  
ham, Marshall county.

A party from Grand Rivers report-  
ed yesterday that he had not been  
seen in Grand Rivers. His mother  
has written to the person whom he  
went to see several times, but can't  
hear anything from him from there.

The mother has a large family of  
small children. This, added to her  
other troubles, has almost prostrated  
her.

## Given One Month.

Allen Nickolls, colored, who stole  
\$1.50 from Mr. Tobie Stegar's cash  
drawer, was sentenced to the county  
jail for one month today.

## BERRY'S WIFE ARRIVES.

She and Her Attorney, Hon. F.  
G. Blood, Are at the  
New Richmond  
Hotel.

Paid No Attention to the Remains  
—After Berry's Effects,  
Which Are Out of  
Their Reach.

## WIDOW AND LAWYER ARRIVE.

Mrs. Sadie Miller Berry, wife of  
the dead "millionaire tramp," who  
lies cold in death at the Sanson un-  
dertaking establishment, accompanied  
by Hon. Fred G. Blood, a member  
of the Illinois general assembly, ar-  
rived in the city over the St. Louis  
division of the Illinois Central at  
7:30 o'clock this morning from Mt.  
Vernon, the widow's home.

Mrs. Berry is a young woman,  
with fair complexion and blue eyes,  
and was dressed in black. She and  
her attorney went to the New Rich-  
mond hotel. When a reporter called  
he was informed that the attorney  
was out, and that Mrs. Berry had  
been instructed to keep her mouth  
shut. They were to meet Dr. Rob-  
ertson, who qualified as administra-  
tor of the estate yesterday, at 11  
o'clock this morning, when it would  
be determined what disposition to  
make of the remains.

BERRY'S MARRIAGE.  
On June 2 Berry was married at  
Mt. Vernon, Ill., to Miss Sadie  
Miller. He took a wedding journey  
to Salem behind a horse said to be  
worth \$20,000. He engaged the en-  
tire second floor of the hotel. He  
decorated his bride and his horse  
with roses until they looked as though  
they had just arrived from a Los  
Angeles, Cal., flower carnival, and  
drove about the streets, followed by  
a crowd of archers, among whom he  
scattered coin, to watch them scramble  
for it.

Berry's troubles began with his  
marriage. He soon tired of his wife  
and deserted her. Then he was ar-  
rested. His mother-in-law sued him  
for his wife's board bill, and the  
millionaire was soon in jail for all  
sorts of offenses, down to plain  
drunks. At the time of his death a  
suit was pending for divorce, and his  
available cash was tied up in such a  
way that the man who was supposed  
to be a millionaire was on the point  
of going to a charity hospital. He  
once declared he intended to blow in  
his money until he had only \$100,-  
000 left. Whether he succeeded, or  
even did better, is not known, as no  
one ever could learn anything of his  
finances.

## BERRY'S OLD HOME.

Berry was 56. He was born in  
New York, but spent the most of his  
life tramping. He was a son of the  
late Dr. Berry, a noted physician of  
New York State and of good family.  
He was believed to be spending the  
last remnants of his patrimony when  
the accident which ended in his death  
overtook him.

## THE BERRY ESTATE.

A dispatch from Mt. Vernon, Ill.,  
to the St. Louis Chronicle says:  
"The report of the death of the  
"Tramp Millionaire," Jim Berry, at  
Paducah, Ky., has revived interest  
in Berry and his financial affairs, and  
regarding what disposition has been  
made of his estate. Berry had filed  
suit for divorce from Mrs. Sadie Mil-  
ler Berry, and she has filed suit  
merely for separate maintenance, but  
both cases are still unsettled."

If any one here knows as to  
whether Berry made a will or other-  
wise disposed of his fortune they will  
not divulge the fact, but when Mrs.  
Berry was seen this morning by your  
correspondent she stated that she  
would employ all legal means to pro-  
tect her interest as wife in Berry's  
estate and that to that end she had  
employed the best legal talent ob-  
tainable. She seemed to think Ber-  
ry's estate very large, but would not  
make an estimate. If Berry had  
made a will and left Mrs. Berry off  
she says that she will undoubtedly  
contest the will.

Hon. Fred G. Blood, a member of  
the present general assembly of Illi-  
nois, has been retained by Mrs.  
Berry as one of her attorneys, and he  
left for Paducah, Ky., this afternoon  
to represent her there.

While in Gloversville, N. Y., last  
summer Mr. Blood investigated Ber-  
ry's financial affairs and found that  
Berry had been possessed of a very  
valuable estate. It is held by Attor-  
ney Blood, however, that he could  
not convey away Mrs. Berry's inter-  
est in this, and she will contest the  
sales. It is probable that Berry's  
body will be brought here for inter-  
ment.

AFTER BOOZLE, NOT BERRY.  
Although Mrs. Berry and her at-  
torney came over early this morning,  
no inquiries about the remains, but  
were made about the remains. They  
did not visit the undertaking estab-  
lishment. The first thing done was  
to employ Attorney L. K. Taylor to  
assist them. They were in confer-  
ence with Dr. Robertson at the hotel  
in the forenoon, but nothing was  
done.

Manager Powell, of the New Rich-  
mond, has possession of Berry's  
trunk, with the papers, and will hold  
it until the board bill of \$10 or more  
is paid. It is understood that Ad-  
ministrator Robertson has the dead  
man's watch, and Undertaker Nance  
has the body. The wife has nothing  
but a peck of trouble. It is evident  
that she and her attorney are after  
Berry's papers. They cannot secure  
them, however, without first liqui-  
dating all bills.

This afternoon the two attorneys  
informed a reporter that nothing de-  
finite had been done, and that they  
supposed administrator Robertson  
would look after the remains and see  
to their burial. There may be very  
valuable papers in the trunk, but the  
hotel has a prior claim on them.

It is said that Berry has a fine  
house, worth \$2,000, near Mt. Ver-  
non, and some other personal property.  
Attorney Bloodgood informed a  
train man coming from Mt. Vernon  
this morning that Berry had spent  
\$20,000 in ten months.

NO FURTHER ARRANGEMENTS.  
Up to this afternoon Undertaker  
Nance had received no instructions  
relative to the remains. They are  
still lying on the cooling board,  
partially dressed. The dead man  
was dressed in a white shirt.

## WARRANT NEVER SERVED.

Marshall Collins stated to a report-  
er that the warrant against Berry  
never had been served, and that the  
report that he had been required to  
put up \$20 for his bond was a mis-  
take.

## NEW COMPLICATIONS.

This afternoon at 2:30 o'clock  
Mrs. Berry, accompanied by her at-  
torneys, went before Judge Tully at  
the court house and applied for ap-  
pointment as administratrix of the  
estate, as Judge Tully set aside the  
appointment of Dr. Robert-  
son. Judge Tully said he had  
already appointed Dr. Robertson,  
Messrs. Lightfoot and Crice, who  
claim Mrs. Berry could not qualify,  
even should she be appointed, as  
she is a non-resident.

The administrator states that the  
body has been held to be claimed by  
the relatives. Berry's wife has been  
here all day and up to 4 p. m. had  
not changed the body. The remains  
will be buried tomorrow.

San Readers.

The City of Clarksville left here  
today for Marion, Ark.

The passenger this morning registered  
324 passengers being a rise of 1.3  
feet during the past twelve hours.

The New South from Cincinnati is  
due down today for New Orleans.

The Butterfield and Tennessee are  
due here out of the Cumberland to-  
morrow.

The towboats Fred Nellis and Pe-  
ter Hontz are down below Metropo-  
lis saving ties out of the rising water.

The Duck Fowler, the only lower  
Ohio river boat out of this port,  
cleared for Cairo this morning at  
8:30.

The Evansville liner John S. Hop-  
kins was in and out on time, doing  
fair business this morning.

The big John K. Speed, from New  
Orleans, arrived here last night en  
route to Cincinnati. She lay here  
several hours, receiving freight, a big  
portion of which was cotton. She  
left for the upper Ohio at 7 o'clock.

Excellent freight business doing  
on the wharf this forenoon, there  
being considerable freight handled on  
the levee. The City of Clarksville  
discharged a big cargo of baled hay,  
while the other jacks received and  
put off a large amount of mixed stuff.  
All the locals were out with fair  
freight receipts.

TUESDAY, JANUARY 18, 1898

THE News continues to harp on the postoffice. Their assertions in the past have proven so unreliable, and it is so evident that they don't know anything about it, the wonder is they don't get tired.

COL. I. B. NALL, of Louisville, has announced his candidacy for Commissioner of Agriculture on the State Democratic ticket, just as if the place had not been promised to Populist Taylor as a recompense for laying aside his congressional aspirations!

OUR Democratic friends who are celebrating themselves over the little Republican scrap in Ohio must not overlook the fact that trouble is brewing in the Democratic camp. The overtures of Mr. Richard Croker are meeting with a coldness on the part of the silverites that presages all sorts of fun within the next two years.

THE Council, in their action killing the curfew law, acted very unwisely. It can safely be stated that Paducah has as many boys, if not more boys, on the streets at night, than any city of its size in the United States. Marshal Collins, from his long experience in office, knows where this leads to, and the Council should have enacted the law.

MAYOR LANG in his desire to tell Uncle Sam how to run the postoffice, is going beyond his duties. If he will see that those city laws that have been a dead letter on the books for years, are enforced, he will gain the plaudits of a long-suffering public. While the people of Rowlandtown and in all parts of the city should have free delivery, the way to get it is to work through the Postmaster, and not the Mayor.

THE Louisville Dispatch says that the proposed changes in the boundaries of the Eleventh and Eighth congressional districts whereby it is hoped to render the Eighth safely Democratic is not a gerrymander. That statement is something like that of one of the officials of the Kentucky Trust Co., now defunct, that its late manager who wrecked the bank, was not guilty of theft, but that he had merely borrowed about seventy-five thousand dollars without the consent of the directors.

THE non-partisan board of commissioners to look after the state penitentiaries and charitable institutions is so important a measure that the Democrats don't want its efficacy for good spoiled by passing it upon the recommendation of a Republican governor. Hence our solons, who are at Frankfort, ostensibly for the interest of the state, but in reality to make campaign capital for Democracy to be used at the coming state election, will postpone that most valuable and needed piece of legislation. It is to be regretted that our lawmakers cannot rise above partisanship, that they can never forget their party affiliation, even in the matters of prison legislation.

SENATOR CHAS. J. BRONSTON, of Lexington, shows signs of returning sanity far beyond the majority of his free silver fellow statesmen. It has been the intention of the radical free silver members of the State Senate to discipline the Sound Money Democrats by declining to confirm the appointment of Dr. Wiley for superintendent of the Lexington asylum, on the ground that he is a gold bug. The fact that Dr. Wiley has made an excellent record thus far cuts out a figure at all with these advocates of Bryanism. But Senator Bronston has astounded his party and pleased every fair-minded man in the state by saying that he will do all in his power to get Wiley confirmed.

THE efforts of the Louisville Dispatch to get the present legislature to adopt some radically partisan legislation are extremely ludicrous. Something must be done to save the "honah" of the above paper, and to which it can point after the legislature has passed into desuetude, and say "we did it," "it was done by our advice," etc. The state will remain safely Democratic, if—the negro can be disfranchised. Election laws must be passed to prevent the wicked Republicans from committing theft, fraud and corruption. The Democrats must either take steps to protect the ballot box by law, or lose the state to the Republicans.

## GRADUATED AT THIS VERY TIME

When People are Suffering From Rheumatism, Neuralgia and Colds, They Need to Know of a Discovery the Fame of Which is "World-Wide."

More men, women, and even little children have been suffering with rheumatism and neuralgia in the present year than ever before. Statistics from all over the country show this—doctors' reports prove it. Possibly the unusual weather has had something to do with it, but there is one great reason back of it all. The great cause of rheumatism and neuralgia, or even muscular cold in the back, is uric acid in the blood. This uric acid should be thrown out of the system, and can be if the kidneys are only in a strong and healthy condition, but, being weakened, these great organs are not able to throw the uric acid from the system, and so it gets into the blood, poisons the blood, settles around the joints, inflames the muscles and causes what we call rheumatism and neuralgia.

Is this not clear? Can you not readily see that there is only one way to cure these troubles, and that is by keeping the kidneys in a strong and healthy condition? If they are kept strong and well, and drive the uric acid from the blood, there will be no more rheumatism or neuralgia. In every quarter of the globe, including India, Africa and Australia, it is acknowledged that there is but one discovery which can ever drive the battle against uric acid, and drive it from the body. That discovery is known universally throughout the world as Warner's Safe Cure.

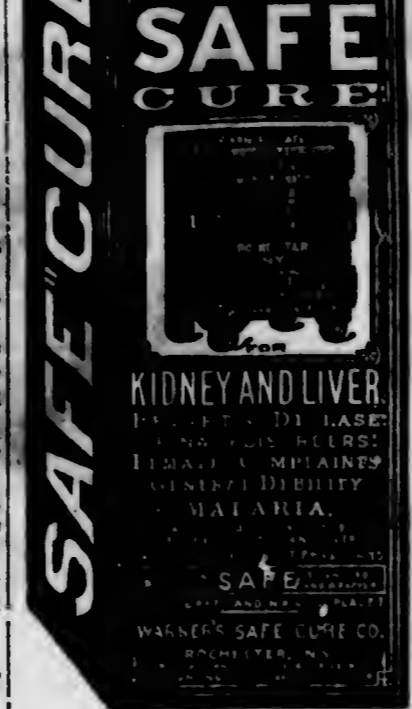

In writing upon this subject, Mr. William Edward Roscoe, surgeon of the Royal Navy of England, said: "I conscientiously and emphatically state that I have been able to give more relief and effect more cures by the use of Warner's Safe Cure than by all other medicines in the British Pharmacopoeia."

Dr. N. Byer, of Wurtzburg, Germany, said:

"I have prescribed Warner's Safe Cure constantly to those suffering from kidney and liver diseases, and especially rheumatism and neuralgia. In some instances where the case seemed hopeless, I have seen the sufferer restored to complete health, greatly to my surprise and gratification."

And I constantly recommend it in all circles of my acquaintance." Prof. J. Polrand, B. A. B. Sc., of Paris, says:

"After weeks of suffering from inflammation of the bladder during which time, although under noted

specialists, the disease steadily developed and I rapidly grew weaker. I resorted to the use of Warner's Safe Cure. It promptly relieved the painful symptoms and I conscientiously say that my present good health is solely due to Warner's Safe Cure."

Hon. E. A. Stone, judge of the supreme court of Australia, declares: "I have used Warner's Safe Cure on many occasions, being subjected to complaints which caused depression of spirits, and the use of this wonderful discovery has been invaluable."

rially attended with the most satisfactory results."

Jai Jai Ram Misur, a prominent Indian man of India, says: "I was attacked by the fatal disease dropsy as a result of rheumatic troubles. My whole body was filled with water and my kidneys refused to work. I tried various remedies and skillful surgeons in vain. At last I was told to prepare for death. I began the use of Warner's Safe Cure, and it effected a complete cure for which I cannot be too grateful."

The list of names of American men and women who have been cured by the use of this wonderful discovery extends into the hundreds of thousands. Many of them are very prominent in legislative, professional and social circles. Their names alone would more than fill this paper. Many of them have been enduring pain, have had swollen joints, headaches, unaccountable languor, dull, and indefinite pains in various parts of the body; have been restless, sleepless, and depressed; have had lack of appetite, lack of energy and lack of all ambition; but they are today in the enjoyment of perfect health. A few names of those who cordially recommended Safe Cure are Bishop Wilson, Mr. Jesse Larrabee, Dr. Gunn, Mrs. Annie Jenness Miller, Dr. Woodbury, Mrs. Willard and Rev. Dr. Rankin.

In addition thereto, this great discovery has been scientifically analyzed by Prof. S. A. Lattemore, one of the leading chemists of America, and Analyzer of Food and Medicines for the New York State Board of Health, who has investigated the process of manufacture and unhesitatingly says that "it is conducted with extreme care according to the best methods, and that Safe Cure is free from all poisonous and deleterious substances."

The feasibility of the package is given herewith. It has become a synonym for good health, the world over, and gives what no other remedy can give—freedom from disease and the blessings of life which good health always confers.

be the favorite model for the early spring. It is to cling to the figure so that it shows its every curve.

PLAIN FACTS.

When in doubt don't talk.

Nearly every woman knows a man that is the slowest mortal on earth.

A man is hopelessly dull when he doesn't know when he is being made fun of.

More people should rejoice that they get what they deserve instead of complaining. The girl that is so fortunate as to have her admirers shower bouquets of American beauties upon her should know the fact that when the pretty blossoms begin to droop and shatter they may yet do good service. There is a delightful fragrance to the petals, and if they are separated and scattered in a drawer or handkerchief box they will give to the contents a subtle odor, the delicate fragrance of the fresh rose. Carjunct has taken no pains to mass the petals or to place the under garments where the air cannot penetrate before they are dry, or they will mold.

A pretty young woman who sings in public preserves all her bouquets as soon as they begin to show signs of withering. She takes them from the water and lets them dry. They will remain in this state for some time, and then, when the petals begin to fall, she collects them and eventually they are made into a sofa pillow, upon which she can lay her pretty head and dream of past and future conquests.

## COULDN'T CROSS.

So They Returned to Paducah and Took a Boat.

The few who left yesterday afternoon for the lower part of the county after Bob Blake, returned last night, having been unable to cross the river. Ex-Officers Joe Goureaux and Frank Baker, however, who were among them, left again this morning on the Fowler, and hope to trace the rape fiend.

## NEWS NOTES.

Although about a thousand private pension bills have been referred to committees and several hundred have been passed by the Senate, not one has yet been reported to the House and placed on the calendar. It is the first time in years that private pension bills have been held up in a committee.

Engineer Frank Donovan and Fireman George Blair, of the C. & N. O. and T. P. railroad, were overcome by gas while their engine was passing through a tunnel at King's Mountain, Ky. Both are at the Somerset, Ky., Hospital in a serious condition.

Samuel Henderson, a fifteen-year-old boy, is accused of the deliberate murder of Percy Lockyer, aged five, at Philadelphia. Another boy, seven years, it is said, was tied up to a tree by Henderson, but saved his life by breaking his bonds.

## UPPER LANDING

**Over on the Opposite Shore Submerged.**  
And the Regular Trips of the Ferry Boat Bettie Owen Have Thereby Ceased.  
The ferry boat Bettie Owen today ceased her trips to the upper landing on the opposite side of the river, as the river has risen to such an extent that the residents of Illinois are unable to reach the landing. The last to come over from that side was yesterday.  
The boat made several trips today only in order to bring over the remainder of the corn that is stored there. She still goes to Brookport. It is thought, however, that the crest of the rise has been reached and that only a few more feet will come.

## "MISS FRANCIS OF YALE"

Fine Comedy at Morton's Friday Night.  
The interest in the first presentation of this play in this city next Friday evening at the opera house of the latest laughing fad, "Miss Francis of Yale" is highly encouraging to the management. Large numbers of theater parties have been organized, and the desire to see this latest New York success has been most contagious. The company is an admirable one and throughout among the members are Etienne Girardot, the original "Charley's Aunt" in this country; Miss Lavinia Shannon and other players of equal renown.

## EXCITEMENT AT MAYFIELD

Occasioned By the Suspicious Actions of a Stranger.

Great excitement prevailed for a while in Mayfield last night about 8 o'clock. A stranger knocked at the door of G. O. Duncan, and was answered by Mrs. Duncan's 13-year-old daughter, who was the only one at home.  
The man had an open knife in his hand, and asked her to buy it. She ran out the back way and gave the alarm, but the man had escaped when searched for by indignant neighbors.

## CITY COUNCIL IN SESSION.

Busy Meeting of the Solons Last Night—Interesting Matters Up For Their Consideration.

## New Ordinances Introduced—The Curfew Law Defeated—New Electrical Inspector Recommended.

The council met last night for a regular session, Mayor Lang presiding and all the members in the blood. Mr. Clark. Several bills were presented, including one for the kid-few law, which was read and healthy Jim Porteous was named, these two officers being defeated, so Lang used several good recommendations, which were concurred in. After the reading of the minutes the finance committee's report heard.

**FINANCE COMMITTEE.**  
Chairman Fowler presented the following bills, which were allowed:  
A. L. Davis, street inspector..... \$500  
Street Inspector..... \$500  
City Jail (house)..... \$100  
W. H. Farley back tax collector..... \$100

The finance committee was allowed further time in which to report.

## ORDINANCE COMMITTEE.

Chairman Ezell reported that the market horse ordinance had not been completed, owing to its complicated features. Granted further time.  
An ordinance creating the office of electrical inspector of Paducah was read. It is to have authority to inspect all electric wires, etc., and no changes can be made in any electric plant or wires without his permission.  
Mr. Varney, representing the board of underwriters, was present, and stated that the ordinance was a copy of the one in force in over forty cities in the central states, and is one greatly in need in Paducah.

The matter was reported to the light and water and fire committee for consideration.

The curfew ordinance preventing children under sixteen, unaccompanied, from being out on the streets or in other public places after the hours of 8 o'clock in winter and 9 o'clock in summer was read. The least fine was placed at \$1 and the second for \$5. Capt. Fowler stated he could not consistently vote for it. In the first place, a 16-year-old boy or girl is a naughty old "infant," and besides, he didn't believe in taking the contract of a man's children out of his hands. It was a law that, like the cow ordinance, could not be enforced. Councilman Jones agreed, and said it was an ordinance that could not be enforced. It would take one policeman to every boy.

A motion of Capt. Fowler to table the ordinance was carried by a vote of eight to four.

An ordinance reducing the salary of the sexton of Oak Grove from \$300 to \$240 per year was read. Mr. Ezell said he was opposed to it. The grave yard, he said, was the last place to practice economy. Mr. Elliott said the fees outside the cemetery amounted to \$740 per year for the last year.

Captain Fowler said he thought the present salary was low enough. The ordinance was lost by a vote of 5 to 5.

Captain Fowler had read an ordinance providing for the punishment of people practicing cruelty to animals and fixing the penalty at not less than \$10 and not more than \$100. The ordinance was unanimously passed on its first reading.

## STREET COMMITTEE.

Chairman Eades stated that at the last meeting he mentioned the bad condition of the streets, and the matter of letting the contract for keeping the streets up. He said the attorney had advised him that there would be no conflict between it and the contract of Sewerage Contractor White. Besides, the latter had expressed a willingness to pay the contractor to keep up those streets he is required to keep up, and thus obviate any conflict. He moved that the mayor be authorized to immediately advertise for bids to keep up the streets for not less than four years. Mayor Lang decided that the motion was out of order, as it would be impossible to make such a contract. The city could not contract, he thought, for more than one year.

Attorney Lightfoot was called upon, and gave it as his opinion that the city could contract for more than one year.

A motion to sustain the mayor was passed.

## FIRE COMMITTEE.

Chairman Johnson read a report from Fire Chief Wood, stating that Jake Elliott and Harry Ashbrook had been appointed stationmen. The appointments were ratified and the bondmen accepted.

## SPECIAL COMMITTEE.

Chairman Johnson stated that the corrugated iron house desired to be erected by the Peanut company could be done only by special ordinance. The report was concurred in. The special committee reported that the contract for furnishing feed to the fire department had been awarded to Mr. Louis Clark.

## NEW BUSINESS.

The resignation of Supt. Davis, of the electric light plant was read, to take effect March 1st, and was accepted.

The cemetery committee recommended for reappointment as sexton of Oak Grove cemetery Mr. Wm. Porteous. The recommendation was concurred in.

Dr. Robertson stated that he ascertained at the city hospital the other day that there are no surgical

instruments at the hospital. He recommended the appropriation of \$150 for the instruments, and also for 200 feet of flooring for the hospital kitchen.

Mayor Lang stated that the hospital appropriation was already short. The motion was lost by a vote of 5 to 6.

Chairman Robertson stated that a large pond of water stood the year around near Thirtieth and Jefferson streets and read a communication from several residents asking an abatement of the nuisance. The matter was referred to the street committee, engineer and city attorney with power to act.

Councilman Winstead read a communication from Loebl & Bloom asking for permission to erect a corrugated iron warehouse near First and Broadway.

Mrs. T. B. Lyle asked permission to erect a corrugated shed at Third and Washington.

Councilman Winstead was in favor of having a special ordinance.

Councilman Jones was opposed to it. He said if they were going to have a fire limit to have it if not, to abolish it. But if once started, there would be no end to it.

City Attorney Lightfoot stated that it would be unlawful to pass an ordinance that violated some other ordinance.

Captain Fowler said to get the question before the house. He moved to draft an ordinance to abolish the fire limits in the city of Paducah. The motion was lost by a vote of 8 to 3.

The matter of granting permission to the respective petitioners to erect the corrugated houses was left on the table.

The residents of the West End, near the old Boyd place, asked the city to furnish lumber enough to construct a walk across the hollow. The cost will be about \$50. The mayor was instructed to purchase the necessary material.

Mr. Winstead then submitted the profile for the new wharf at Elizabeth street. He moved that the mayor instruct the street inspector to use the dirt taken from the wharf in filling up the South Fourth street hollow. Carried.

Capt. Fowler stated that the telegraph wires on Fourth street were not high enough for brakenen on freight cars. The company was instructed to raise the wires.

Capt. Fowler stated that there was no electric light at Sixth and Fifth and moved that the light at Fifth and Court streets be moved to Sixth and Court. He suggested that the light committee investigate the matter. Carried.

Councilman William Eades reported that the Sixth street bridge over Island creek is out of line and needs attention. The street inspector was appointed to look after it.

Councilman Jones read a communication from the Lock Singletree company asking for exemption from taxation for five years. Referred.

F. E. Meyer was refunded \$130 on taxes.

Clerk Patterson read a communication relative to the improvement of Monroe street several years ago, the improvement having never been accepted by the council. Referred.

A communication from contractor Lynn White, assigning to Mr. Ed D. Hannan a sub-contract for laying pipe to flush tanks, was presented. The sub-contract was ratified.

Mayor Lang called the attention of the council to the expense of unloading coal at the electric light plant. He said it cost \$15 last month. It was referred.

Mr. Filmore Matlock was appointed a special policeman for the L. C. without pay.

Mr. Henry Seamon was appointed a special policeman for the Furniture company.

Assessor Grief announced that he had appointed Mr. F. Dudgeon as his deputy. Ratified.

Mayor Lang asked the street committee to investigate the improvement.

ment of Eleventh street from Court to Broadway.

Mayor Lang recommended an ordinance specifying the kind of gravel to be used on the streets.

Also an ordinance requiring all surveys, plats, etc., made in the city to be filed with the city engineer.

Also an ordinance requiring the city engineer to note the condition of bay, corn, etc., weighed there.

Councilman Jones said that it would be impossible for the city engineer to determine it, as the hay is usually wet so far down that he cannot find it.

The mayor also recommended an ordinance requiring the cleaning of all electric globes about once in two weeks.

All recommendations were concurred in.

**Deafness Cannot Be Cured**  
By local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, it swells and closes, so that nothing can be taken out and the ear is thus isolated from the outside. Hearing is lost, because the ear is thus isolated from the outside.
